## **Cream Cheese Ball**

**Great for parties!**

**This recipe is always a hit!  
I've been making this cheese  
ball for over 30 years!  
My family insists on it for  
every holiday!**

**Makes two balls.  
Serve with crackers.**

### **Ingredients:**

**2 Blocks of Cream Cheese ( I use low-fat Neufchatel)**

**2 stalks of green onions (chopped fine)**

**1 small can of chopped ripe (black) olives**

**2/3 Jar of Green Salad Olives with pimentos (chopped)...This is the tall, slender jar.**

**Plastic Wrap**

**Let cream cheese soften at room temperature while you are chopping. Mix all ingredients together in a large bowl. Separate into two equal portions onto two large pieces of plastic wrap. Wrap plastic around cheese mixture and form into balls. Store in refrigerator until ready to serve.**

**\*I like to serve with wheat crackers.**

**\*\*Notice in the photos below what dish gets sampled first! :)**
